

Inc. Magazine Ranks RegenesiS Biomedical as one of America’s Fastest-Growing Companies

81% three-year sales growth places RegenesiS 238 on the Health Industry list

Scottsdale, Arizona, August 29, 2011 -- RegenesiS Biomedical, Inc., a medical technology company focused on regenerative medicine, announced today it earned a position on the Inc. 5000 list of the fastest-growing private companies in America. As an Inc. 5000 honoree, RegenesiS joins Advanced BioHealing, Berkeley Bionics, Planet Fitness, television maker Vizio, and Dunkin Donuts, among other prominent brands featured on this year’s list.

The list represents the most comprehensive look at the most important segment of the economy, America’s independent-minded entrepreneurs. “Now, more than ever, we depend on Inc. 500/5000 companies to spur innovation, provide jobs, and drive the economy forward. Growth companies, not large corporations, are where the action is,” says *Inc.* magazine Editor Jane Berentson.” RegenesiS ranks 238 on the Health Industry list.

“To be recognized a second year in a row is a reflection upon the continued dedication of our employees,” said Virginia Rybski, President and CEO of RegenesiS. “The result is helping more clinicians and patients in need of advanced care for post-operative tissue pain and swelling.”

About RegenesiS Biomedical

RegenesiS Biomedical, Inc. is a privately held medical technology company focused on developing and marketing noninvasive regenerative medicine products. RegenesiS developed, patented, and now markets the Provant Therapy System. Our customers include health care facilities, acute care hospitals, long-term acute care hospitals, skilled nursing facilities, rehabilitation centers, home health care agencies, and wound care clinics.
